

PRICE GUIDE: Offers over \$1 million

Area: 114 m2

Oceans - Quality and Views - Price Reduced!

Clear instructions to sell means that one lucky buyer will snare a bargain. You can own a slice of luxury at Mooloolaba's only 5 star complex with superior design and fit out only surpassed by the stunning uninterrupted coastal views as far as you can see. From your sixth floor vantage point you're in the box seat to view all of the action across the bay with an array of passing boat traffic, the action in the surf as well as on the beach as well as the passing whale migration as it happens.

With an abundant array of shops, cafes and restaurants at your feet and plenty of golden sand, this will always be your ultimate destination and haven.
